No restriction or specific migration levels.

Usage temperature: Min. temp.: -25 °C
Max. temp.: 85 °C
Max wash temp.: 135 °C

Aricasa Hygiene products are not supplied with any microbial specification.

It is recommended that equipment is cleaned, disinfected and sterilized, as appropriate to its intended use, before use.

It is also important to clean, disinfect and sterilize equipment after use, using the appropriate decontamination chemicals, concentration, times and temperatures. Appropriate equipment decontamination will minimize risk of microbial growth and cross contamination and maximize the efficiency and durability of the equipment.
